Dear Westbrook:

I have your letter of 19 March 1952, regarding your trip abroad.

I am sending you a line to Julius Holmes, who is the second ranking officer in the Embassy, and a very good friend of mine. He could put you in touch with any friends in or outside the Embassy whom you might wish to consult in connection with the business that is taking you to England.

Sincerely yours,

Allen W. Dulles

Dear Julius:

I take great pleasure in introducing my good friend Mr. Westbrook Steele, who is President of the Institute of Paper Chemistry, Appleton, Wisconsin.

I have known Westbrook Steele for some years and have visited his extraordinarily interesting Institute in Appleton, where he is carrying on a very unique line of work. Any courtesies you could extend to him would be greatly appreciated.

With all best regards.

Sincerely,
